Reputation operation – June 2011

After a National Council compact and structuring in June, the “IEG” CFE-CGC’s ship is on course for a completely mad return. Judge for yourself !

An “operation for reputation” mobilized, in June 2011, our members throughout France. This event surprised the other unions and won the support of the majority of employees impressed with our towing mass. We explained our demands for social activities renewal. The “CMCAS” elections will take place mid-2012: we are ready !

An immense task of CFE-CGC mandates’ rebuilding on the energy future of France took place between March and June 2011. Our proposals will be brought by the federation before the end of the second half of 2011. Our unions overseas grew by the creation of a union in Mayotte, approved at our National Council in June 2011.

Finally, in 2012 also will be the election of employee representatives’ stock holders of the mutual fund employee savings to EDF, the CFE-CGC will actively support the EAS’s list by informative campaign in this area too little known to the employees.

A well prepared “Back to business” is to be stated clearly. Now it is done. *And the ship sails...*
